

# DS-PD2-D12-W

## Wireless Dual-Tech Detector

DS-PD2-D12-W Wireless Dual-Tech Detector, ideal Internal detection for any room. Consisting of both a Passive Infrared (PIR) and microwave sensor in one housing, both sensors need to be activated simultaneously to get an alarm condition.

### AVAILABLE MODEL

DS-PD2-D12-W

### MAIN FEATURES

- Microwave + PIR
- Two-way Wireless Technology
- Instant Two-way Device Control (ITDC)
- Signal Strength Indicator (SSI)
- Auto Sensitivity
- Digital Temperature Compensation
- Alarm: Tamper Alarm, Intruder Alarm

### SPECIFICATION

| <b>Wireless Dual-Tech Detector</b> |  |
|------------------------------------|--|
| <b>Detection Range</b>             | 12m, detection angle: 85°              |
| <b>Detection Speed</b>             | 0.3m/s ~ 3.0m/s                        |
| <b>Transmission Range</b>          | 800m in open space                     |
| <b>Power Supply</b>                | 2 × CR123A, 3.0V, 2 years Battery life |
| <b>Transmission frequency</b>      | 868MHz                                 |
| <b>Operation Temperature</b>       | -10°C ~ +40°C                          |
| <b>Dimension(H*W*D)</b>            | 117mm*69mm*59mm                        |
| <b>Weight</b>                      | 135g                                   |
| <b>Installation Environment</b>    | Indoor                                 |
| <b>Installation Height</b>         | 1.8m ~ 2.4m                            |

\*Including 1 x Ceiling mounting bracket, 1 x Wall mounting bracket
